

Hello sir, this is Tanu.

Below is the YouTube link of my presentation along with GitHub links.

YouTube Link: <https://youtu.be/4aAHyvhvNJUc>

This is where my project presentation video can be found.

GitHub link1: https://github.com/Tanu-N-Prabhu/Used_Car_Price_Prediction_System1

This is where all the project code along with the deployment code exists.

GitHub link2: <https://github.com/Tanu-N-Prabhu/UsedCarPricePredictionSystem-Files>

This is where all the python notebooks such as data exploration, model building Jupyter notebooks can be found. Also, all the data set including

1. **Cleaned data :** <https://github.com/Tanu-N-Prabhu/UsedCarPricePredictionSystem-Files/tree/master/Cleaned%20Dataset>
2. **Training data:** <https://github.com/Tanu-N-Prabhu/UsedCarPricePredictionSystem-Files/tree/master/Training%20set>
3. **Testing data:** <https://github.com/Tanu-N-Prabhu/UsedCarPricePredictionSystem-Files/tree/master/Testing%20set>
4. **Validation data:** <https://github.com/Tanu-N-Prabhu/UsedCarPricePredictionSystem-Files/tree/master/Validation%20set>
5. **Raw data set:**
<https://drive.google.com/file/d/10uHx8frC71x5cpAPEcyUwjRzW5fJe4GU/view>

Can be found here

Thankyou.
